- Record Live TV directly to your Android smartphone or tablet pc
- Integrated EPG service to know what‘s next on TV
- TV and internet or mail at the same time thanks to an integrated web browser
- Free App „V7 DVB-T Tuner“ available on Google Play

## Overview

V7 Pico Android 2 is a high performance and innovative DVB-T receiver that turns your Android tablet or smartphone into a mobile television without an internet or 3G/LTE connection. Simply connect V7 Pico Android 2 to the microUSB connector of your Android device and enjoy watching Live TV ? an additional current source is not needed. Your smartphone or tablet must support the USB host mode to work with V7 Pico Android 2.
